Automation and Energy Management

When combined with Z-Wave enabled devices, Honeywell Total Connect™ Remote Services can help you save money and enjoy a safer, more comfortable lifestyle. You can even set scenes and schedules for energy savings, ambience and convenience. It's a great way to turn your smartphone into a smart home or business!

Honeywell Total Connect Video Solutions

- Receive video alerts and pictures via email when an event occurs
- Great way to keep an eye on your kids, babysitters, elderly relatives, pets or employees
- Look in on your home or business whenever you want—with or without a security system!
- View live video on up to six cameras at a time
- Manage and view multiple locations over a secure network with one login

Event Notification

Receive email alerts:

- When the security system has been armed or disarmed
- When your child arrives home from school or if they don't arrive home by a certain time
- When doors to restricted or hazardous areas have been opened
- When a flood or extreme temperature change is detected
- If motion is sensed in a protected area or a valuable object is moved indoors or outdoors

Remote Security

- Remotely arm, disarm or check the status of your security system
- Intuitive prompts and graphic icons make operation a snap!
- Access up to 100 locations with one login
- Multiple account capability—great for vacation homes or franchises

Mobile

- Works with iPhone®, iPad® and Android™
- Modern graphics and icons match Honeywell's graphic touchscreens
- Free apps available*
